

2014

- **Applicability of optical reflectance spectroscopy for detection of precancerous lesions in uterine cervix in vivo**
- **Functional rudimentary horn as a rare cause of pelvic pain: A case report**

2015

- **The effect of premenstrual syndrome and menstrual phase on postoperative pain**
- **A rare case of bilateral ectopic pregnancy and differential diagnosis of gestational trophoblastic disease**

2016

- **Assessing the efficacy of vaginal hyoscine butyl bromide on cervical ripening prior to intrauterine procedures: A double-blinded clinical trial**
- **A rare case of a retroperitoneal leiomyoma in the obturator fossa**
- **Rhabdomyosarcoma of cervix: A case report**
- **Investigating preoperative hematologic markers for prediction of ovarian cancer surgical outcome**
- **Successful management of two cases of placenta accreta and a literature review: Use of the B-lynch suture and bilateral uterine artery ligation procedures**
- **Neuroendocrine carcinoma of the ovotestis: A case report and review of literatures**

2017

- **Value of Sentinel lymph node (SLN) mapping and biopsy using combined intracervical radiotracers and blue dye injections for endometrial cancer**
- **Comparison between performance of single-fiber reflectance spectroscopy (SFRS) system and colposcopy: a phase III trial**

2018

- **The Effects of Chromium Supplementation on Gene Expression of Insulin, Lipid, and Inflammatory Markers in Infertile Women with Polycystic Ovary Syndrome Candidate for in vitro Fertilization: A Randomized, Double-Blinded, Placebo-Controlled Trial**
- **Association between serum levels of N-terminal pro-brain natriuretic peptide and severity of preeclampsia**
- **The Effects of Selenium Supplementation on Gene Expression Related to Insulin and Lipid in Infertile Polycystic Ovary Syndrome Women Candidate for In Vitro Fertilization: A Randomized, Double-Blind, Placebo-Controlled Trial**

- Evaluation of PAWP and PLC ζ expression in infertile men with previous ICSI fertilization failure
- Evaluation of anal cytology in women with history of abnormal pap smear, cervical intraepithelial neoplasia, cervical cancer and high-risk HPV for anogenital dysplasia
- Effects of orlistat on serum androgen levels among Iranian obese women with polycystic ovarian syndrome
- Septic pelvic thrombophlebitis following cesarean delivery: A case report

2019

- Serum anti-Müllerian hormone is associated with oocyte dysmorphisms and ICSI outcomes
- SATEN III - Splitting Adjuvant Treatment of stage III Endometrial cancers: An international, multicenter study
- The implication of single-nucleotide polymorphisms in ovarian hyperstimulation syndrome
- Effects of autologous platelet-rich plasma on endometrial expansion in patients undergoing frozen-thawed embryo transfer: A double-blind RCT
- Immediate dilation of a tight or stenotic cervix by intra-procedural administration of hyoscine butylbromide: A clinical trial
- Effect of artificial oocyte activation on intra-cytoplasmic sperm injection outcomes in patients with lower percentage of sperm containing phospholipase C ζ : A randomized clinical trial
- Effects of L-carnitine on polycystic ovary syndrome
- Evaluation of neutrophil-lymphocyte ratio as a prognostic factor in cervical intraepithelial neoplasia recurrence
- The effect of vitamin d supplementation on insulin resistance among women with polycystic ovary syndrome
- Plasmapheresis in the treatment of fatty liver of pregnancy: A case report
- Acute pulmonary edema after large molar pregnancy uterine evacuation
- Spontaneous ileocecal perforation induced by deep endometriosis

2020

- Effects of gonadotropin-releasing hormone agonist (GnRH-a) as luteal phase support in intracytoplasmic sperm injection (ICSI) cycles: a randomized controlled trial
- Possible Vertical Transmission of COVID-19 to the Newborn; a Case Report
- The effects of autologous platelet-rich plasma in repeated implantation failure: a randomized controlled trial
- Effect of myo-inositol supplementation on ICSI outcomes among poor ovarian responder patients: A randomized controlled trial
- Improvement of in situ Follicular Activation and Early Development in Cryopreserved Human Ovarian Cortical Tissue by Co-Culturing with Mesenchymal Stem Cells
- Effect of 1,25(OH) $_2$ -vitamin D $_3$ on expression and phosphorylation of progesterone receptor in cultured endometrial stromal cells of patients with repeated implantation failure
- The evaluating of pregnancy-associated plasma protein-A with the likelihood of small for gestational age

- Vitamin D status in women with uterine fibroids: A cross-sectional study
- Clinical narratives: Bridging the gap between medical texts and clinical practice
- Chemical peritonitis due to spontaneous ruptured teratoma: A case report

2021

- Comparison of the Outcomes of Direct Trocar Insertion with Modified Open Entry in Laparoscopic Surgery
- Early percutaneous tracheostomy in COVID19 patients with failed intubation: A case series
- A case-report on diverticulitis misdiagnosed as tubo-ovarian abscess
- The effect of Triticum sativum (wheat) germ on postpartum pain: A double-blind clinical trial
- Involvement of single nucleotide polymorphisms in ovarian poor response
- Development of Hormonal Intravaginal Rings: Technology and Challenges
- Evaluation of Expression and Phosphorylation of Progesterone Receptor in Endometrial Stromal Cells of Patients with Recurrent Implantation Failure Compared to Healthy Fertile Women
- Is visual inspection with acetic acid (VIA) a useful method of finding pre-invasive cervical cancer?
- Tryptophan-functionalized graphene quantum dots with enhanced curcumin loading capacity and pH-sensitive release
- A Review on Modifications of Amniotic Membrane for Biomedical Applications
- Evaluation of clinical outcomes of neonates born to mothers with coronavirus (COVID-19) in Shahid Beheshti Hospitals
- Effect of antioxidant supplementation containing L-carnitine on semen parameters: A prospective interventional study
- COVID-19 and Cardiomyopathy: A Systematic Review
- Evening primrose versus misoprostol for cervical dilatation before gynecologic surgeries; A double-blind randomized clinical trial
- Efficacy of daily GnRH agonist for luteal phase support following GnRH agonist triggered ICSI cycles versus conventional strategy: A randomized controlled trial
- Aberrant expression of BAX, MEG3, and miR-214-3P genes in recurrent pregnancy loss
- The incidence of ovarian involvement in endometrioid endometrial adenocarcinoma: A retrospective analysis
- Comparison of subcutaneous and vaginal progesterone used for luteal phase support in patients undergoing intracytoplasmic sperm injection cycles
- Frequency of hr-hpv types in patients with high grade cervical intraepithelial neoplasia (CIN)
- Appropriate protection measures against COVID-19 in delivery room
- The investigation of metabonomic pathways of serum of Iranian women with recurrent miscarriage using ¹H NMR
- Mucinous adenocarcinoma transformation in ovarian mature cystic teratoma complicating pregnancy: A case report
- Cavaterm TM plus treatment in high - Risk surgical patients

- **Asymptomatic complete heart block in labor: A case report of none response to atropine therapy**

2022

- **Placental plastics in young women from general population correlate with reduced foetal growth in IUGR pregnancies**
- **Is there any association between adherence to the Mediterranean Diet and Dietary Total Antioxidant Capacity with Bacterial Vaginosis? Results from a Case-Control study**
- **Dietary acid load, alternative healthy eating index score, and bacterial vaginosis: is there any association? A case-control study**
- **Serous Borderline Tumor of the Fallopian Tube: A Case Report and Literature Review**
- **The Effect of Laparoscopic Radical Surgery for Endometriosis on Serum Levels of Lipid Profile and Vitamin D**
- **The Relationship of Non-stress Test Results and Pregnancy Outcomes in Insulin-treated Diabetic Pregnant Women**
- **Prevalence of Preterm Births and Complications of Prematurity: A Comparison Between First Year of COVID-19 Pandemic and the Previous Year**
- **COVID-19 Infection in Iranian Pregnant Women: A Case Series of 25 Patients**
- **Combination of surgery and laser for the treatment of extensive VIN3 and vulval condyloma: A case report**
- **Effect of autologous platelet-rich plasma for treatment of recurrent pregnancy loss: a randomized controlled trial**
- **A hybrid oxygen-generating wound dressing based on chitosan thermosensitive hydrogel and decellularized amniotic membrane**
- **Association of dietary intakes and anthropometric indices with endometriosis: a case-control study**
- **The Effects of Autologous Platelet-Rich Plasma on Pregnancy Outcomes in Repeated Implantation Failure Patients Undergoing Frozen Embryo Transfer: A Randomized Controlled Trial**
- **Case Report: Pneumonia in a Patient with Combined Variable Immunodeficiency: COVID-19 or Pneumocystis Pneumonia?**
- **Uterine adenosarcoma: A case report and review of literature**
- **Ovarian ectopic pregnancy misdiagnosed as gestational choriocarcinoma: A case report**
- **Association between consumption of ultra-processed foods and bacterial vaginosis: a case-control study**
- **A case-control study on the severity postpartum depression among COVID19 positive mother**
- **Laparoscopic Management of Large Adnexal Masses**
- **Association between pre-pregnancy food group intakes and hyperemesis gravidarum: a case-control study**
- **The effect of various pre-cesarean fasting times on maternal and neonatal outcomes**
- **The dietary inflammatory index is directly associated with polycystic ovary syndrome: A case-control study**

- **Association of Dietary Glycemic Index, Glycemic Load, Insulin Index, and Insulin Load with Bacterial Vaginosis in Iranian Women: A Case-Control Study**
- **Impact of ejaculatory abstinence period and semen characteristic on the reproductive outcomes after intracytoplasmic sperm injection**
- **A rare case of primary ovarian mesenchymal chondrosarcoma in pregnancy**
- **Prediction of Intraperitoneal Adhesions in Repeated Cesarean Section Using Sliding Sign, Striae Gravidarum, and Cesarean Scar**
- **The effects of selenium supplementation on glycemic control, serum lipoproteins and biomarkers of oxidative stress in infertile women diagnosed with polycystic ovary syndrome undergoing in vitro fertilization: A randomized, double-blind, placebo-controlled trial**
- **Screening of Lynch syndrome in endometrial cancer in Iranian population with mismatch repair protein by immunohistochemistry**
